

Donations to Sandgate through **Charity Cars** Program

We have recently registered as a recipient charity through the **Charity Cars** Program.

Charity Cars is a self-funded co-operative green vehicle disposal program comprised of licensed auto recyclers all across Canada and the US who are committed to the green disposal of older vehicles at no cost and with no fees to the recipient charity or donors. They provide free towing/pick-up of donated vehicles directly from the donor and then recycle the vehicles at a local auto recycling facility. The facility forwards 100% of the proceeds from the recycling of the donated vehicle on to the charity of the donor's choice.

For example, instead of the recycling facility paying the donor \$150 for their old car, **Charity Cars** sends 100% of the \$150 dollar purchase offer to Sandgate. In return, Sandgate will provide the donor with a tax receipt for the full value of the money received through the recycler.

You can donate the proceeds of an old vehicle to Sandgate through **Charity Cars**' website at <http://www.charitycar.ca/sandgate.html> . The form is very user friendly and everything is done through their website. Additionally, we will soon have a link to **Charity Cars** through the Sandgate website.

We have been fortunate to receive one donation through **Charity Cars** already and hope to see many more. It's a very simple program that we believe will prove beneficial to Sandgate, the environment and our community.
